To whom it may concern

I can't say enough positive things about LG First and Rasha Frig in particular .Rasha has pulled off some very difficult jobs for us here at Maxxit time and again and has managed to do it with some very tight timelines . We have used Little guys for both our Canadian and American shipments for about a year now and are more than pleased with their abilities to get the job done no matter how difficult it may seem or how tight our timelines have become .
Not only have LG First managed to get our shipments to their destination they have done so without any damages .

I personally would recommend using LG First for all shipping needs .Their staff is very friendly and helpful as well as professional.
If given a chance to work with Rasha Frig on any shipping needs you should take it and see how well she performs for you as not just another company but as the only company that matters to her .
I am quite confident that she treats all of her clients the same as she treats us here at Maxxit and we look forward to a long and beneficial relationship with LG First .
